PL Series
Premier Indoor Plenum Coils
The Premier Upgrade for Any System
Introducing Healthy Solutions® Premier Plenum Coils by ADP. These coils match perfectly with your system, providing an upgrade over standard matched plenum coils.

- Top refrigerant connections for installation flexibility
- UV light knockouts
- Top panel with only four screws for fast and easy coil access
- TXV with all threaded connections; no brazing required
- Pilot holes for fast secondary drain pan attachment
- Optional patented float switch is designed to shut off the unit for drain overflow protection
- Light weight aluminum evaporator coils with aluminum header plates
ADP provides a light weight plenum coil solution with premier features and benefits.

**Improved Air Quality**
Microbes can double every 20 minutes on an untreated surface!

Mold is part of our environment and there are no practical ways to completely eliminate mold spores. The best defense against mold in a home is to prevent it from taking hold through moisture control and the use of mold resistant building materials.

Every Healthy Solutions® coil features Microban® technology, providing added protection against the build-up of mold and mildew within your system!

**All-in-One Solution**

**PROTECTION**
ADP is the exclusive provider of coils featuring antimicrobial product protection by Microban®, a recognized consumer brand.

**QUALITY**
ADP proprietary testing technology ensures leak-free performance at the higher operating pressures of R-410A systems.

**SERVICE**
Healthy Solutions® coils are made for seamless installation and easy access.

**ENERGY SAVINGS**
Many models are available to achieve higher SEER levels for ENERGY STAR compliance, utility rebates, and federal tax credits.

**WARRANTY**
**Product Nomenclature**

**SL-PL-08**

**April 2018**

### Series

- **P**: Plenum

### Cabinet Color

- **L**: Galvanized

### Nominal MBTUH

### Coil Type

- **H**: Horizontal Coil

### Coil Height

- **140**: 14.00"
- **142**: 14.25"
- **145**: 14.50"
- **175**: 17.50"
- **210**: 21.00"
- **245**: 24.50"

### Cabinet Length

- **25**
- **30**
- **35**
- **40**

### Metering Device

1. Piston (R-410A) [1]
2. Piston (R-22) [1]
6. Non-bleed A/C TXV (R-410A)
7. Bleed HP-A/C TXV (R-410A) [2]
8. Bleed A/C TXV (R-410A) [2]
9. Non-bleed HP TXV (R-410A)

[1] Piston will always be sized to match the nominal BTU rating of the coil
