NOMENCLATURE

CE	P	36	14	E32	A	R
Series	Configuration	Nominal MBTUH	Cabinet Width	Slab Number	Metering Device	Ref. Detection System
CE: Carrier Enterprise	P: Multi-Position		145: 14.5" 175: 17.5" 210: 21.0" 245: 24.5"		A: Non-bleed AC/HP TXV R-454B	R: Included (Factory Installed)

THE ADP ADVANTAGE

- Front panel with only a four screw access
- Non-captive refrigerant lines and no suction line cutting required

- A-coil design balances airflow evenly across the entire coil

- Factory installed TXV's with bolt on connections

- Multi-position flexibility to meet the requirements of any space

- Every Healthy Solutions® coil features Microban® technology, providing added protection against the build-up of mold and mildew within your system for improved air quality

WHY ADP?

- Leading US manufacturer of evaporator coils and air handlers
- Built to the highest quality standards
- Microban® antimicrobial technology
- Advanced performance testing simulation software

- Broadest product line in the industry — thousands of variations available
- Products designed to match perfectly with any system
- Personalized programs for distributor partners
- Custom product strategies to meet local needs

- Short lead times
- Low warranty rates with simple claim process
- Insights from industry experts
- Focused on distributor and dealer success
- Quick and easy installation in the field
