

ADP is the **only** manufacturer of residential evaporator coils in the US that has incorporated Microban®.

Microban® and our unique drain pan design effectively reduces the growth of odor causing bacteria, mold, and mildew.

PROTECTION THAT LIVES ON  
**MICROBAN**® 

The Microban logo is a stylized shield shape composed of three curved segments in blue, orange, and blue, with a white circle in the center containing a blue dot.

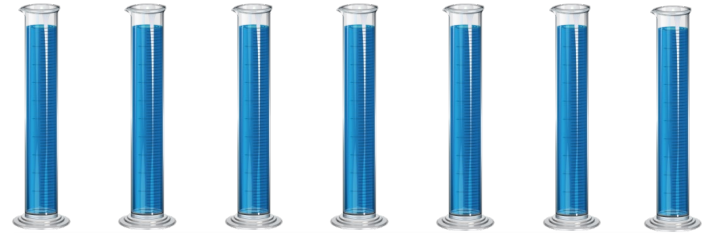

## ADP Contoured Drain Pan

Lowest water retention in the industry

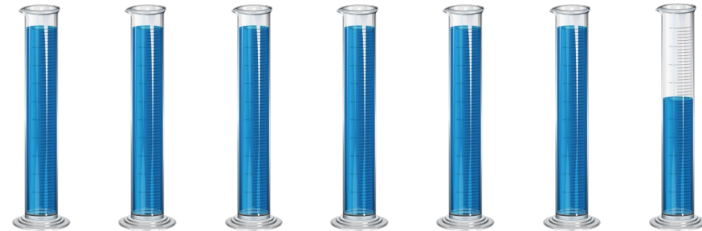

## Other Drain Pans

Can hold up to...

**46 oz. of water!**

**Less water means less opportunity for the growth of mold and bacteria!**
