## Blow-off Protection & Improved Air Quality

ADP provides enhanced protection to prevent condensate blow-off and improve overall air quality. Our manufactured housing evaporator coils are designed to remove unhealthy standing water from the drain pan.

### Reduce Condensate Blow-off

Specially designed downflow drain pan for added protection

### Reduced Installation Time

Drip shield molded into pan, no installation required

### Sloped Drain Pan

Superior drainage versus standard manufactured housing coils

### Moisture Control

Reduced opportunities for growth of mold and bacteria due to standing water

## PRODUCT FEATURES

### R-22 and R-410A Compatible

Greater flexibility for new or replacement applications

### Leak Free Rubber Plugs

Suction and liquid lines do not require cutting for installation

### Down-turned Headers

Sized out down-turned headers for easy line brazing

### Pressure Tested Twice

Ensuring superior performance at higher R-410A operating pressures

See Spec Guide for nomenclature specifications and additional product details.
