Compact and Light Weight for Multi-family

ADP wall mount air handlers are designed to meet the needs of low height and light weight requirements within the multi-family market. Our air handlers are thoroughly tested to ensure quality and deliver reliable ratings, as well as designed to save customers time on installation. ADP air handlers are the perfect replacement for multi-family applications.

CU & AL Coils	A/C and heat pump match-ups
PSC or ECM Motor	Available high efficiency ECM motor for enhanced performance
Factory Installed Heat	5, 7.5, 10 kW heat kits reduce complexity of installation
Installation Options	In a closet, over the water heater, hanging on the wall, or recessed into the wall for flexibility
Integrated Filter Frame	Slide-in design; no tools required for change out

Low Height

ADP provides options for a variety of applications to meet industry needs.

30" tall for heat pump match-ups
(35" option also available)

Light Weight

The compact wall mount air handler allows for ease of installation and simple servicing.

- Aluminum wall mount air handler
- Weighing 80 lbs. or less
- Can be a "one-man-job"

THE ADP ADVANTAGE

FLEXIBILITY	ADP tailors custom solutions to meet your unique market needs.
QUALITY	ADP proprietary testing technology ensures leak-free performance at the higher operating pressures of R-410A systems.
SERVICE	ADP air handlers are made for seamless installation and easy access.
ENERGY SAVINGS	Many models are available to achieve higher SEER levels for ENERGY STAR compliance, utility rebates, and federal tax credits.
WARRANTY	ADP air handlers come with a no hassle 5-year warranty and feature an available 10-year limited warranty. Simply register online at www.ADPwarranty.com .
